MEDICAL FEE DISPUTE RESOLUTION FINDINGS AND DECISION

GENERAL INFORMATION

Requestor Name

Sentrix Pharmacy and Discount LLC

Respondent Name

Hartford Casualty Insurance Co

MFDR Tracking Number

M4-18-0481-01

Carrier's Austin Representative

Box Number 47

MFDR Date Received

October 23, 2017

REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "Response 28 TAC §134.530 clearly states that preauthorization is only required for any compound that contains a drug identified with a status of "N" in the current edition of the ODG Workers' Compensation Drug Formulary. In the case of the claim(s) as issue, all of the active ingredients are identified with a "Y" in the September 2017 Drug Formulary."

Amount in Dispute: \$2,078.06

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "Compounds are considered off label as man ingredients are not FDA approved for topical use. Efficacy has not been proven and compounds are not supported by guidelines."

Response Submitted by: The Hartford

SUMMARY OF FINDINGS

Dates of Service	Disputed Services	Amount In Dispute	Amount Due
September 01, 2017	Pharmacy Services - Compounds	\$2,078.06	\$1,718.06

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and applicable rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.502 sets out the procedures for pharmaceutical benefits.
3. 28 Texas Administrative Code §134.503 sets out the fee guidelines for pharmaceutical services.
4. 28 Texas Administrative Code §134.530 sets out the closed formulary requirements for claims not subject to certified networks.

5. The insurance carrier reduced payment for the disputed services with the following claim adjustment codes:
 - 197 – Precertification/authorization/notification absent
 - 75 – Prior authorization required

Issues

1. Is Hartford Casualty Insurance Co reason for denial of payment supported?
2. Is Sentrix Pharmacy and Discount LLC (Sentrix) entitled to reimbursement for the compound in question?

Findings

1. Sentrix is seeking reimbursement of \$2,078.06 for a compound dispensed on September 1, 2017. Hartford Casualty Insurance Co denied the disputed compound with claim adjustment reason code 197 – “Precertification/authorization/notification absent” and 75 – “Prior authorization required.”

28 Texas Administrative Code §134.530(b)(2) states that preauthorization is **only** required for:

- drugs identified with a status of “N” in the current edition of the *ODG Treatment in Workers' Comp* (ODG) / Appendix A, *ODG Workers' Compensation Drug Formulary*, and any updates;
- any compound that contains a drug identified with a status of "N" in the current edition of the *ODG Treatment in Workers' Comp* (ODG) / Appendix A, *ODG Workers' Compensation Drug Formulary*, and any updates; and
- any investigational or experimental drug for which there is early, developing scientific or clinical evidence demonstrating the potential efficacy of the treatment, but which is not yet broadly accepted as the prevailing standard of care as defined in Labor Code §413.014(a).

The division finds that the compound in question does not include a drug identified with a status of “N” in the current edition of the ODG, *Appendix A*. ACE American failed to articulate any arguments to support its denial for preauthorization. Therefore, the division concludes that the compound in question did not require preauthorization and Hartford Casualty Insurance Co denial of payment for this reason is not supported. Therefore, the disputed compound will be reviewed for reimbursement.

2. Sentrix is seeking reimbursement for a compound dispensed on September 1, 2017 with the following ingredients:

- Salt Stable LS Base, NDC 00395602157, \$572.54
- Baclofen 4%, NDC 00395803243, \$342.05
- Amitriptyline 2%, NDC 00395804843, \$87.55
- Ketoprofen 10%, NDC 00395805643, \$250.80
- Amantadine 8%, NDC 00395805843, \$465.12
- Gabapentin 5%, NDC 10695003507, \$360.00

The division finds that NDC 10695003507 is not a valid national drug code (NDC) as required by 28 Texas Administrative Code §134.502(d)(1). Therefore, this ingredient will not be considered for reimbursement.

28 Texas Administrative Code §134.503 applies to the compounds in dispute and states, in pertinent part:

- (c) The insurance carrier shall reimburse the health care provider or pharmacy processing agent for prescription drugs the lesser of:
 - (1) the fee established by the following formulas based on the average wholesale price (AWP) as reported by a nationally recognized pharmaceutical price guide or other publication of pharmaceutical pricing data in effect on the day the prescription drug is dispensed:
 - (A) Generic drugs: $((\text{AWP per unit}) \times (\text{number of units}) \times 1.25) + \4.00 dispensing fee per prescription = reimbursement amount;
 - (B) Brand name drugs: $((\text{AWP per unit}) \times (\text{number of units}) \times 1.09) + \4.00 dispensing fee per prescription = reimbursement amount;

- (C) When compounding, a single compounding fee of \$15 per prescription shall be added to the calculated total for either paragraph (1)(A) or (B) of this subsection; or
- (2) notwithstanding §133.20(e)(1) of this title (relating to Medical Bill Submission by Health Care Provider), the amount billed to the insurance carrier by the:
- (A) health care provider; or
- (B) pharmacy processing agent only if the health care provider has not previously billed the insurance carrier for the prescription drug and the pharmacy processing agent is billing on behalf of the health care provider.

The compound in dispute was billed by listing each drug included in the compound and calculating the charge for each drug separately as required by 28 Texas Administrative Code §134.502(d)(2). Each ingredient is listed below with its corresponding reimbursement amount as applicable.

Ingredient	NDC & Type	Price/ Unit	Total Units	AWP Formula §134.503(c)(1)	Billed Amt §134.503 (c)(2)	Lesser of (c)(1) and (c)(2)
Salt Stable LS Base	00395602157 Brand	\$3.36	170.40 gm	$\$3.36 \times 170.4 \times 1.09 = \624.07	\$572.54	\$572.54
Baclofen	00395803243 Generic	\$35.63	9.60 gm	$\$35.63 \times 9.60 \times 1.25 = \427.56	\$342.05	\$342.05
Amitriptyline	00395804843 Generic	\$18.24	4.800 gm	$\$18.24 \times 4.800 \times 1.25 = \109.44	\$87.55	\$87.55
Ketoprofen	00395805643 Generic	\$10.45	24.0 gm	$\$10.45 \times 24.0 \times 1.25 = \313.50	\$250.80	\$250.80
Amantadine	00395805843 Generic	\$24.23	19.20 gm	$\$24.23 \times 19.20 \times 1.25 = \581.40	\$465.12	\$465.12
					Total	\$1,718.06

The total reimbursement is therefore \$1,718.06. This amount is recommended.

Conclusion

The outcome of this medical fee dispute relied upon the evidence presented by the requestor and the respondent at the time of adjudication. Though all the evidence may not have been discussed, it was considered. For the reasons stated above, the Division finds that the requestor has established that additional reimbursement is due. As a result, the amount ordered is \$1,718.06.

ORDER

Based on the submitted information, pursuant to Texas Labor Code Section 413.031 and 413.019 (if applicable), the division has determined the requestor is entitled to additional reimbursement for the disputed services. The division hereby ORDERS the respondent to remit to the requestor \$1,718.06, plus applicable accrued interest per 28 Texas Administrative Code §134.130, due within 30 days of receipt of this order.
